

ADARSH KUMAR

Cloud & DevOps Engineer

+91 8521976815 | adarshdev85219@gmail.com | [GitHub](#) | [LinkedIn](#) | [Portfolio](#)

PROFESSIONAL SUMMARY

Aspiring Cloud & DevOps Engineer with hands-on experience deploying Java/Spring Boot applications on AWS (EC2, S3, IAM), plus working knowledge of Docker, Git, Jenkins, and CI/CD. AWS Certified Solutions Architect – Associate. Seeking a Cloud Engineer, DevOps Engineer, or Junior SRE role.

TECHNICAL SKILLS

- Cloud Platforms & Services: AWS (EC2, S3, IAM)
- Containerization & DevOps Tools: Docker, Git, Jenkins (basic), CI/CD Concepts
- Programming Languages: Java, JavaScript
- Frameworks: Spring Boot, Spring Security
- Databases: MySQL
- Core Concepts: REST API Design, Authentication & Authorization, Object-Oriented Programming (OOP), Data Structures, Microservices Fundamentals
- Operating Systems: Linux (basic)
- Development Tools: Git, Postman, VS Code, IntelliJ IDEA

CERTIFICATIONS

- AWS Certified Solutions Architect – Associate

PROFESSIONAL EXPERIENCE

Process Associate — Kriya Nexwealth Pvt Ltd

Mar 2026 – Present

- Managed operational workflows end-to-end, ensuring accuracy, efficiency, and on-time completion of tasks in a fast-paced, high-volume environment.
- Utilized system-based tools to process and validate data, strengthening analytical and troubleshooting capabilities.
- Identified recurring process bottlenecks and implemented corrective actions, reducing manual effort and improving workflow efficiency.
- Developed strong attention-to-detail and problem-solving skills through hands-on handling of real-time operational data.
- Actively building cloud and automation skills by practicing AWS (EC2, S3, IAM), Docker, and Jenkins through self-driven, hands-on projects.

AI Training Associate — OLA Krutrim

Mar 2025 – Nov 2025

- Processed and structured over 10,000 datasets to support AI model training pipelines.
- Maintained 95%+ data accuracy through rigorous QA workflows and validation processes.
- Delivered consistent results under strict quality benchmarks in a fast-paced, deadline-driven environment.

Java Developer Intern — CodSoft

Feb 2024 – Mar 2024

- Developed Java-based applications, including an ATM simulation and a number-guessing game, applying core programming and OOP principles.
- Wrote clean, modular, and maintainable code following object-oriented design practices.
- Strengthened debugging and problem-solving skills through hands-on application development.

CLOUD & DEVOPS PROJECTS

Wedding Venue Booking System — Spring Boot, MySQL, AWS EC2, S3 [\[Demo\]](#)

- Designed and developed scalable REST APIs for booking, authentication, and user management, improving system performance and usability.
- Optimized MySQL database schema and queries to enhance performance, ensuring faster booking operations and consistent data integrity.
- Deployed the application on AWS EC2 and integrated Amazon S3 for static asset storage, enabling scalable and reliable cloud-based access.
- Technologies used: Java, Spring Boot, MySQL, AWS EC2, AWS S3, REST APIs.

The Event Master — React.js, AWS S3 [\[Demo\]](#)

- Built a responsive, single-page event management web application using React.js with a component-based, reusable UI architecture.
- Implemented client-side routing and state management to deliver a smooth, dynamic user experience across event listing and detail views.
- Deployed the application on Amazon S3 using static website hosting, enabling fast, scalable, and cost-effective cloud delivery.
- Technologies used: React.js, JavaScript, HTML5, CSS3, AWS S3.

EDUCATION

Master of Computer Applications (Cloud Computing) — Chandigarh University (Online Mode) 2025 – Present

Bachelor of Computer Applications — Chandigarh University

2022 – 2025

CGPA: 7.90

ACHIEVEMENTS & LEADERSHIP

- Served as Kabaddi Team Captain, demonstrating leadership, discipline, and teamwork under pressure.
- Coordinated college events, managing planning, execution, and cross-team collaboration.
